Who am I?

Miguel
Xochicale

H.S

.Sc.

M.Sc.

2000

2010

2020

203

t[years]

Ph.D. in Human-Robot Interaction
University of Birmingham

Research Associate in
Ultrasound Guidance Interventions
King's College London

Who are we? / Where we come from? / Do we have hobbies?

Zhanchong
Ou

Guangdong
China

Shu
Wang

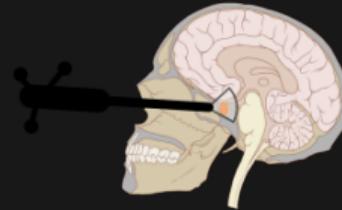

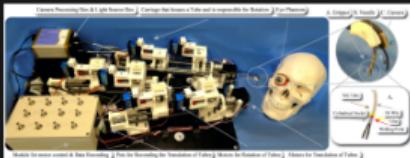

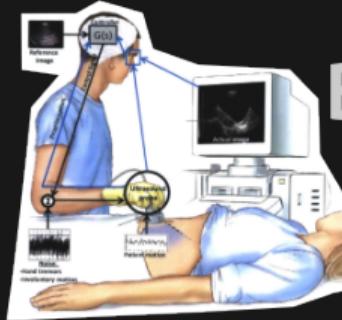

Beijing
China

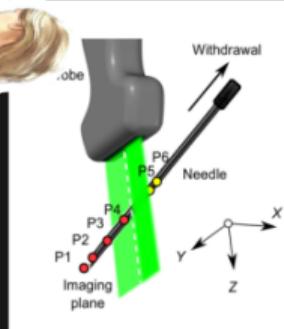

Tareen
Dawood

What does a Biomedical Engineer do?

Biomedical Engineering

Where we are based?

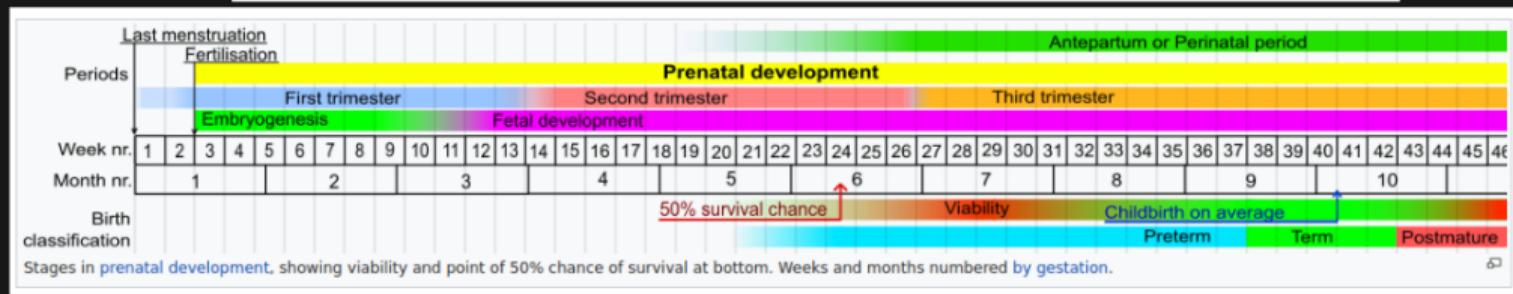

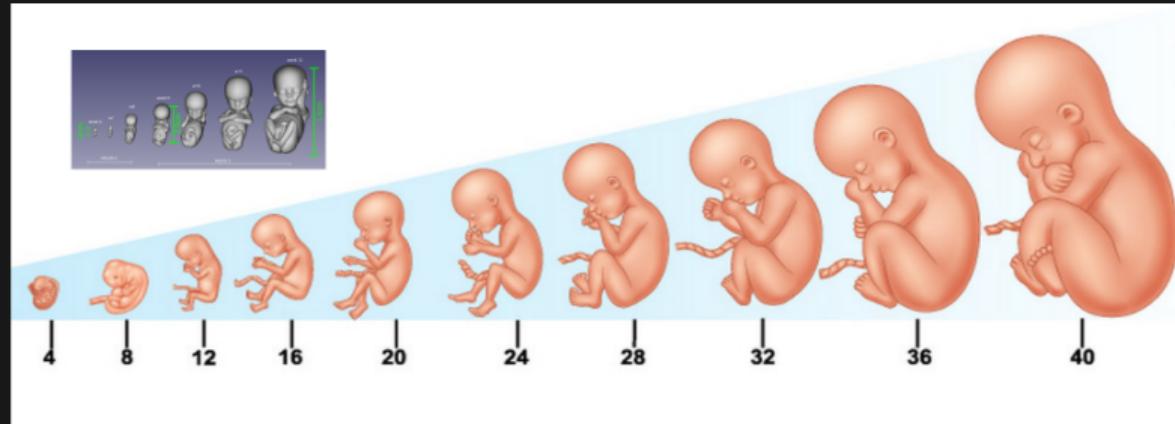

School of Biomedical and Imaging Science

Department of Surgical and Interventional Engineering

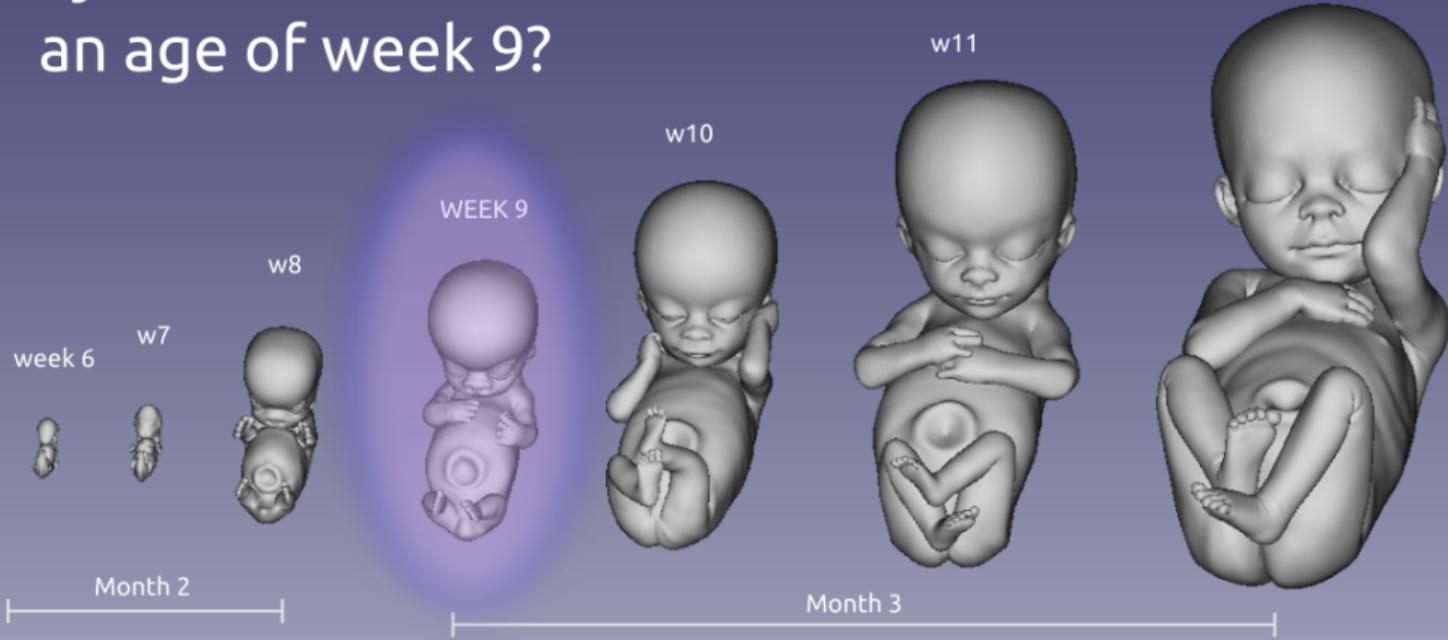

Understanding Fetal Growth

Fetal Growth

Fetal Growth

Can you draw a fetus of
an age of week 9?

Guessing Fetal Growth

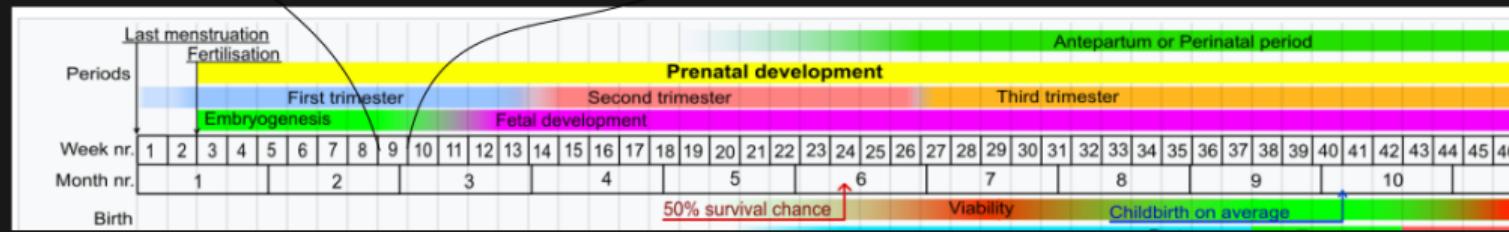

week 5

week 6

Guessing Fetal Growth

Do you know how we can actually see a fetus?

Computational Tomography

CT

+ high image quality

- non-real-time

Computational Tomography

Magnetic Resonance Imaging

MRI

+ high image quality

- non-real-time

Magnetic Resonance Imaging

Ultrasound

Ultrasound

+real-time  - poor-image quality

Medical Imaging in Pregnancy

CT

MRI

US

+ high image quality - non-real-time

+ high image quality - non-real-time

+ real-time - poor-image quality

How a Biomedical Engineer would help
a Sonographer?

Modelling US imaging

Segmentation on 3D US data

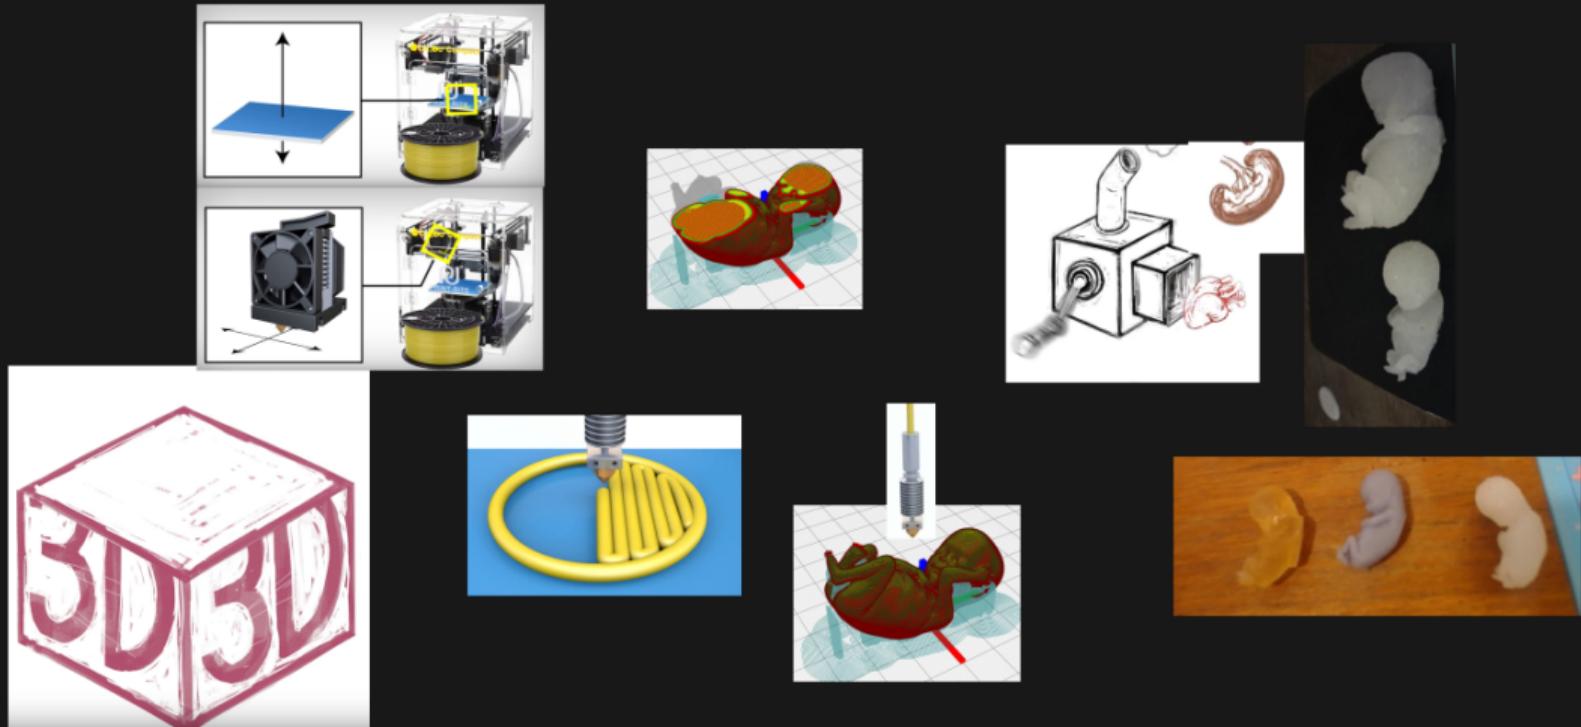

Tissue Labelling

Surface Reconstruction

3D printing a fetus

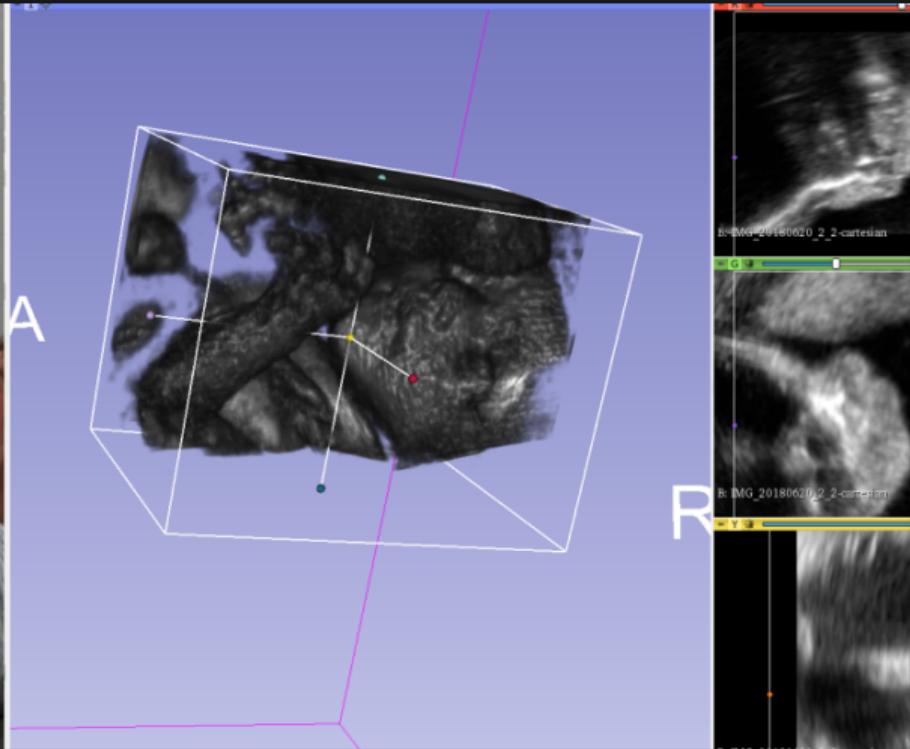

3D printing Fetus

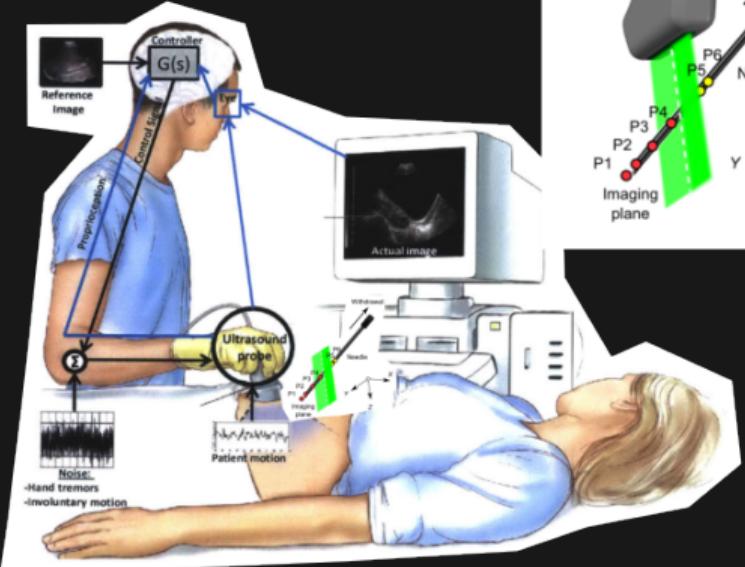

Interactive DEMO

Can you identify the face of a fetus
with Ultrasound?

Interactive Ultrasound Imaging

Ultrasound Needle-Tracking

Challenges:

- Tracking needles
- Skillfullness of sonographers
- Anatomical view changes

Takeaway messages

- Biomedical Engineers

- Electronics
- Mechanics
- Computer Science
- Medical Imaging

- Medical Imaging

- Computational Tomography
- Magnetide Resonance
- Ultrasound imaging

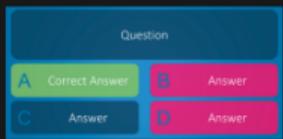

- Applications of US

- Modelling US
- 3D printing
- US needle tracking
